Payment by mail

When paying by mail, please return the lower portion of your tax statement(s) with your payment using the enclosed envelope. Do not send cash through the mail. Write your account number(s) on the front of your check to ensure proper credit. Your canceled check is your receipt. Or you can enclose a self addressed stamped envelope(SASE) and a receipt will be mailed to you. **Be sure to mail your payment early enough to be postmarked on or before November 15. Payments postmarked November 16 and later lose all discounts and are charged interest.**

Payment in Person

Payments in person must be brought to the Tax Office during regular business hours. There is a payment drop in the door of the office, if the office is closed.

Color of Statements

If your property tax statement is yellow, it means that a mortgage company has requested your tax statement. Seniors taking part in the Senior Citizens Property Tax Deferral Program also receive a yellow tax statement. If your mortgage company or the Senior Citizens Property Tax deferral Program pays your property taxes for you, then this statement is for your records.

If your property tax statement is green, it simply means that no mortgage company has requested your tax statement. If you have recently refinanced or changed lenders, your mortgage company may not have requested your tax statements.

The property owner is responsible for making sure that property taxes are paid. If you are not sure who is supposed to pay your property taxes, please call your mortgage company.
